ANNOTATION

[1] All called prices are in Euro and excl. 20% austrian VAT. Depending on order volume, discounts can be offered on several positions.

[2] Combined offer that includes actual recording studio, 1 tonmeister / audio engineer and equipment that is used for realizing the offer. The used recorder is the Sound Devices MixPre-10T - designed for location sound and easy music-recordings.

[3] as [2], but in that case remotable microphone preamp units are used. These will be connected via fibre optic to a DAW: Silent-Audio-PC running Sequoia 15, RME MADIface XT and Blackmagic-Components for an additional video-recording. Communicaton over talkback and individual monitoring, all possibilities of a contemporary music-production.

[4] Combined offer that includes one tonmeister / audio engineer and the equipment that is used for realizing the offer.

[5] Depending on job location, the calculation is either 8283 Bad Blumau (AT) or 18182 Blankenhagen (DE).
